

Be Warned

In time. Kidney diseases may be prevented by purifying, renewing, and invigorating the blood with Ayer's Sarsaparilla. When, through debility, the action of the kidneys is perverted, these organs rob the blood of its needed constituents, albumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, and Albumenuria, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mr. Jas. W. Todd, Post Office Hill, at Jamaica Plain, Mass., writes: "I have had a complication of diseases, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new person; as well and strong as ever." W. M. Marshall, of Sumner, N. H., Boston, Mass., had been troubled for years with Kidney Complaint. By the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. John McEllan, cor. Bridge and Third sts., Lowell, Mass., writes: "For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

AYER'S Sarsaparilla

my appetite and digestion improved, and my health has been perfectly restored."

Sold by all Druggists.

Price \$1; Six bottles, \$5.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing so effective as Ayer's Pills. These Pills contain no calomel or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive today, if I had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and their occasional use has kept me in a healthy condition ever since." L. X. Smith, Union, N. Y., writes: "I have used Ayer's Pills for liver troubles and Indigestion, a good many years, and have always found them prompt and efficient in their action." Richard Norris, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles

By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, Iowa, writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. A friend of mine who had been similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."

ANOTHER TERRIBLE RIOT.

HOUSES WRECKED AND MANY PEOPLE INJURED.

Also the Scene of an Outbreak Between Orangemen and Catholics, in Which Several Persons are Shot—Part Carried and Farnell—Foreign News.

St. John, June 13.—A terrible riot occurred here on Saturday night, during which several houses, occupied by Protestants, were wrecked and many people injured. The Catholics, maddened by the violent acts of the Orangemen at Belfast, began a crusade against Protestants, and for several hours held possession of the streets. The residence of some of the leading Orangemen here was burned to the ground. The military charged the mob, which fought desperately. Several of the rioters were shot. Extra police have been sworn in, and with the assistance of the army, the Orangemen have since been able to preserve order.

The riot is alleged to have originated from the anger of the Catholics over the destruction of the residence of the bishop's palace. No riot could take place without the act of vandalism, but it was at once ascribed to Orangemen and those of Catholic faith assisted and began an attack upon the persons and property of Orangemen.

The riot act was read but it was not heeded, and it was only when the military poured a volley of buckshot into the crowd that they desisted in their work of destruction. A Methodist church, the residence of a Congregational minister and several club houses were attacked and wrecked.

Barbarian King Slaughtered.
LONDON, June 13.—A dispatch just received here from Munich contains the startling intelligence that King Louis II, the recently deposed Bavarian monarch, who left the palace yesterday for Berg castle, on Lake Starnberg, committed suicide at that place this morning by drowning. It is said that in taking his life while his attendants were momentarily off their guard. The king was promenading in the park grounds, surrounded by his suite. Dr. Gindler, the attending physician was also in the park watching the patient.

The king, awaiting a favorable moment, made a dash for Lake Starnberg, on which the castle grounds are situated, and threw himself into the water. He was almost instantly missed by his attendants, who immediately gave the alarm and dashed off after his royal charge. The king, however, reached the lake before any one could intercept him, when the doctor had reached the edge of the lake the king was struggling in the water. The doctor sprang into the lake in hopes of rescuing the drowning sovereign and in the desperate struggle between the king and physician went down and was seen no more.

Farnell Misunderstood Him.
LONDON, June 13.—Edmund Farnell writes that the initiative was taken by himself and Mr. Farnell was due to neither himself nor Mr. Farnell, but to third parties. He expressed himself as anxious to withdraw from the conference, but he had been misapprehended the conditions he laid down as governing the conference. "I recollect perfectly," he said, "that I was offering them a proposed nothing. Mr. Farnell did the bulk of the talking, while I put questions, suggested difficulties and raised objections for him to answer or explain. He dwelt upon the character and functions of a central legislature. The necessity of developing Irish industry was alluded to, but I did not make some kind of protection, as a necessity to promote Irish industries, to which I replied that whatever my individual opinion might be in regard to protection, as a proposed must answer great objections from many classes. I regret that my impression of the value of the conversation of the day, from Mr. Farnell's words, who has lately misunderstood me."

Press Opinions of Gladstone's Manifesto.
LONDON, June 13.—The Daily News, discussing Mr. Gladstone's manifesto, says its clear, sharp and decisive sentences brush aside with renunciation every sense of the words which the opposition has so industriously spread to confuse and entangle the question. The people will flock to Mr. Gladstone's manifesto.

The Standard says Mr. Gladstone's address labors under the disadvantages of appearing late in the evening, and that the manifesto is the manner of it is good—better than Mr. Chamberlain's. It is concise, clever and to the purpose, and every elector will understand for once what Mr. Gladstone means, but if he understands the rest of the controversy he will at once pronounce the manifesto inadequate.

The Daily Telegraph pronounces Mr. Gladstone's manifesto an extraordinary address, which cannot be perused without a feeling of admiration for the writer.

Cyrus W. Field.
LIVERPOOL, June 13.—Cyrus W. Field and his son and Justice Stephen M. Field, arrived by the Umbria yesterday morning. They were met at the station by Mr. C. T. Russell, United States consul at this port, and conducted to the Grand Hotel. Mr. Cyrus Field proceeded to London. The rest of the party remain here.

Socialistic Conference.
BRUNSWICK, June 13.—The Socialistic conference which met here, contrary to expectation, entirely opened. Resolutions were passed declaring that the Socialists would pursue their objects legally, unless provoked by the authorities to violence.

Toward Market on Foot.
TOKYO, June 13.—A drive of nearly two thousand steers to Laramie, Wyoming Territory, from Apache country, making a new era in the history of the Arizona drive, is the first drive of the kind ever made from the territory. Should it prove successful it will doubtless be followed by many more drives from Arizona to Laramie, Denver and other beef shipping points on the Central Pacific may become a permanent institution of great importance.

Cattle men in Western Texas have organized an association for the sinking of an extensive system of wells for the watering of stock.

SENSATIONAL SUIT.

Action Brought to Recover Money Paid for a Bribe.

MONTREAL, June 13.—An action now proceeding in the superior court here is causing a good deal of interest. It is a sensational suit brought by a man who has made a good deal of money in this province, said A. X. Archambault, a lawyer, to recover \$1,500, which he is entitled to recover from the French Liberal party, La Patrie, of Montreal, and Le Lecteur, of Quebec, to support a bill he had presented to the local legislature to get power to build a railroad tunnel under the St. Lawrence river. The act never passed, and plaintiff never got a satisfactory explanation of how the sum was expended, until witnesses were examined at the trial. Archambault testified that he had paid Senator Thebaud \$500, and \$1,000 to Profontaine, a lawyer and Liberal candidate for the legislature. Senator Thebaud, in his evidence, stated that he had received the money, but that he had advanced the amount previously for Archambault in connection with politics, and kept the money to repay himself.

Mr. Profontaine admitted getting the \$1,000 but his testimony was contradicted by the daily journal mentioned that he divided the full amount between them for their patronage of the scheme. There were several other witnesses to come, and the trial continued each day. The plaintiff has supported the Conservative government, both Federal and provincial, for years past, and before the last general election for the local house was charged with expending \$100,000 to influence the return of men to support the local government, with the object of securing the right to purchase the North Shore railroad from here to Quebec, which he subsequently did, and within two years, disposed of it to the Canada Pacific for \$2,000,000 profit, the half at least being his own share.

BOILER EXPLOSION.

Fatal Death of John Rosser from In-haling Steam.

CINCINNATI, June 13.—At 9 o'clock, John Rosser, 24, engineer on the Cincinnati & Northern Ohio, on Genesee street, between Plum and Central avenues, stepped across to Bonte's factory, directly opposite, to return a chain. He invited John Deupre, an engineer, to Bonte's to go back and look at a leak in his boiler. The two walked across the street to Bonte's engine room, where they were about to enter, Goolia's boiler let go with a muffled noise. A flue had burst, and the rushing steam threw the fire and bricks of the furnace into a pile of shavings, setting them on fire.

Rosser rushed around the shed into the water, to get back, while Deupre followed with a bucket of water a minute later. The latter arrived in time to see the room filled with flames, upon which he attempted to enter, he noticed Rosser, who had rushed into the steam, fall backward with a groan. The fire was soon extinguished, and the body of Rosser, who was lying on the ground beside his boiler. No mark of bruise could be found on him, and when the coroner arrived, he found that death resulted from inhaling the steam. The body was taken to his wife and children at 588 Walnut street.

Rosser was a member of Cherry lodge, No. 36, A. O. U. W., and was a good engineer. His engine was purchased new from Goolia & McMillan three years ago. Mr. Goolia is of the opinion that the boiler was never so well as when it was bought.

REVENUE SAM JONES.

Preaching to the Sinners of Indianapolis to Save Their Souls.

INDIANAPOLIS, June 13.—Sam Jones opened his work in Indianapolis by preaching three sermons, and at each of his meetings in the City hall fully 5,000 people were in his audience. The sermon was so well received that he had to give standing room. In his sermon in the evening he served notice upon the public that he would preach to any such audience as he could get, and that he would be the guest of Governor Hill, at the executive mansion. This would seem to rest the story of unfriendly relations between the two gentlemen.

Again Postponed.
WASHINGTON, June 13.—The house committee on elections again postponed for two weeks the Klid-Stoke contest election from Indiana. The case has been postponed eight or ten times, and it is understood it will not be disposed of at this session of congress.

Appropriations.
WASHINGTON, June 13.—The sundry civil appropriation bill was completed this morning, but will not be given to the press in detail under a couple of days. The bill appropriates \$2,069,823. The estimates were \$25,564,061. The amount appropriated by the bill last year was \$28,263,747.

INFIRMARY DIRECTOR.

Sentenced to Twelve Years in the Ohio Penitentiary.

CINCINNATI, June 13.—Fred Herrmann, the defaulting ex-city infirmarium director, appeared before Judge Maxwell's court, accompanied by his attorneys, W. Austin Goodman and Ike J. Miller's son. When arraigned upon the six indictments against him, related to the infirmarium, Herrmann, he pleaded guilty in a firm voice.

Judge Maxwell thereupon sentenced him to the penitentiary for each of the indictments, a total of twelve years, but granted a stay of execution for thirty days. Immediately thereafter Prosecutor Fugh was given notice that an affidavit in the earlier motion was immediately made. Herrmann was taken to jail.

This move indicates clearly that Herrmann's testimony before the grand jury and his expected testimony in court have won for him the consideration of the governor and others, so that he will be virtually safe.

Brakeman Killed on His Train.

NEWBURN, N. Y., June 13.—An Erie brakeman named Amos Beebe was killed at Greenwood. One of the wheels on his train was broken, and he was thrown out of the car, his head was struck by a bridge, and he was knocked into the creek below. His body was recovered and taken home to Fort Jarvis.

WASHINGTON GOSSIP.

SOCIETY AT THE CAPITAL IN THE SUMMER SEASON.

Hot Weather Has No Terror for the Present or Prospective Ladies of Society—Nobody to Leave During the Month of July—The President's Visit—Notes.

WASHINGTON, June 13.—Appearances indicate that this is indeed to be a summer of roses and wine. Nobody in society is making preparations to leave the city during July. Hot weather has no terrors, present or prospective, for the ladies of society. Everything is in abeyance until after Tuesday night. The White House reception will be the signal that the summer season has begun. Since last nobody has made an effort. Never before in this generation has the capital been so slow to recover from the period of repentance and fasting. Now, to the music of a Marine band, the young mistresses of the White House will set the new pace at which society must go for the next two months, or until the congressional mechanism runs down.

A feature of the coming state reception will be the presence of Prince Augusto de Saxe Coburg Gotha, grandson of the Emperor of Brazil. The prince is expected to arrive in the city next Monday, accompanied by several officers from the ship. On Tuesday the visitors will be presented to the president by the secretary of state.

Committee Reports.

WASHINGTON, June 13.—The joint congressional committee appointed to consider the advisability of organizing the scientific bureaus of the government has, as previously intimated, today reported its conclusions in several disagreeing reports. A majority report, signed by Senators Allison and Hale, and Representatives Lowry and Watt, think it will be wise to use the existing bureaus of the navy department when the original surveys shall have been completed. A minority report, signed by senator Morgan and representatives Herbert and Watt, recommends the passage of Mr. Morgan's bill to establish the signal service bureau on the first of July next, and establish in its stead a weather bureau, under the direction and supervision of civilians.

Senator Morgan recommended that the coast survey work to the hydrographic office of the navy department.

Senate.

WASHINGTON, June 13.—In the senate immediately after routine business, Mr. Dolph moved that the Northern Pacific forfeiture bill be taken up.

Mr. Beck urged the senate to take up instead the motion of Mr. Hawley providing for a reconsideration of the bill prohibiting the giving of contracts to accepting fees, or employment from railroad companies that have received aid from congress. Mr. Beck thought this a privileged question.

House.

WASHINGTON, June 13.—Mr. Cobb, of Indiana, called up the report of the committee on public lands recommending concurrence in the senate amendments to the Atlantic and Pacific land forfeiture bill.

Mr. McLean, of Arkansas, opposed the amendments, contending that their adoption would convert the bill into a confirmatory act. The report of the committee was agreed to and the amendments concurred in.

Will Visit the Sage.

WASHINGTON, June 13.—Before President Cleveland goes to the Adirondacks in July, he will be the guest of Samuel J. Tilden, at his summer home in the Adirondacks. He will be the guest of Governor Hill, at the executive mansion. This would seem to rest the story of unfriendly relations between the two gentlemen.

Again Postponed.

WASHINGTON, June 13.—The house committee on elections again postponed for two weeks the Klid-Stoke contest election from Indiana. The case has been postponed eight or ten times, and it is understood it will not be disposed of at this session of congress.

Appropriations.

WASHINGTON, June 13.—The sundry civil appropriation bill was completed this morning, but will not be given to the press in detail under a couple of days. The bill appropriates \$2,069,823. The estimates were \$25,564,061. The amount appropriated by the bill last year was \$28,263,747.

INFIRMARY DIRECTOR.

Sentenced to Twelve Years in the Ohio Penitentiary.

CINCINNATI, June 13.—Fred Herrmann, the defaulting ex-city infirmarium director, appeared before Judge Maxwell's court, accompanied by his attorneys, W. Austin Goodman and Ike J. Miller's son. When arraigned upon the six indictments against him, related to the infirmarium, Herrmann, he pleaded guilty in a firm voice.

Judge Maxwell thereupon sentenced him to the penitentiary for each of the indictments, a total of twelve years, but granted a stay of execution for thirty days. Immediately thereafter Prosecutor Fugh was given notice that an affidavit in the earlier motion was immediately made. Herrmann was taken to jail.

This move indicates clearly that Herrmann's testimony before the grand jury and his expected testimony in court have won for him the consideration of the governor and others, so that he will be virtually safe.

Brakeman Killed on His Train.

NEWBURN, N. Y., June 13.—An Erie brakeman named Amos Beebe was killed at Greenwood. One of the wheels on his train was broken, and he was thrown out of the car, his head was struck by a bridge, and he was knocked into the creek below. His body was recovered and taken home to Fort Jarvis.

CROP REPORTS.

Brief Dispatches from Various Parts of the Country.

CARTHAGE, Ill., June 13.—Further reports from this county and adjacent territory confirm the fact of injury to the growing crops from the continual drought. Gradecroppers and chinchbugs are doing bad work in localities. Rain is very badly needed. The promise of the largest crop in years would probably be sustained by an immediate shower.

In Want of Rain.

PORT DODGE, Ia., June 13.—The continued drought has materially injured the crops. On especially have suffered, and more than anything else the flax crop. Most of it has been sown in soil breaking. What has come up is parched and must die. It lays in the ground without moisture enough to sprout it. The crop will be almost a total failure.

Cause Just in Time.

FT. KNOWL, Mont., June 13.—It has been raining in eastern Montana for two days, and the prospects are that it will continue for some days longer. Grass has taken a new start, and all around the country a general all over this section of the northwest. The shower came just in time to save a grain famine this year.

Rain in Illinois.

CHENOA, Ill., June 13.—This vicinity has been visited by a general rain which was much needed. Crops were suffering for rain, but it has come in time. Corn is in fine condition, and a number of wheat crops are in a good crop. It has the appearance of more rain.

Drought Broken.

CHAMPAIGN, Ill., June 13.—The long prevailing and disastrous drought was broken here by heavy rain during the night of June 11 for many hours. It will be worth large amounts of money to this section of the country.

In Wisconsin.

WATERLOO, Wis., June 13.—The present drought is the worst in thirty-five years. Under the most favorable conditions a short crop of nearly all kinds must be the consequence.

SUICIDED WITH A RAZOR.

An Old Man Prefers Death to a Trial for Murder.

YONKERS, N. Y., June 13.—Today the trial of Farmer David H. Converse for the murder of his wife, was to have begun in Lyons, N. Y. The colored man who was born on July yesterday and asked to be allowed to shave himself for the trial today. The sheriff gave him a razor and went away for a short time. Ten minutes later the cries of the prisoners called him back, and he found that Converse had cut his throat from ear to ear in his cell.

Physicians called upon the wound, but there is little hope of his recovery. He left a letter saying that his counsel had deserted him, and that being innocent of the crime, he was charged against him he drew a trial. His son, to whom he turned over all his property as soon as he was arrested so as to get good attorneys for the defense, was told that the old man's money in drunkenness and riotous living, and the prisoner was then left without friends or any prospect of help for the trial. The sheriff believes that this and long confinement in jail have made the old man insane.

Sword Contest.

DEXTER, Cal., June 13.—The sword contest between Rose and W. J. Walsh for the championship was fought in the presence of 5,000 people. Rose was the victor in the seventh attack, knocking Walsh from his horse in a senseless condition. Interest was first shown in the fourteenth attack when Rose claimed the decision against him was not right. The umpire's decision made Rose angry and he fought with savage blows during the rest of the contest. In the seventeenth attack the point was won by Walsh by a single blow, which fell on Rose's plate but before the decision of the umpire was given Rose gave Walsh so terrible a blow that he fell from his horse. At this time the record was eleven points to six in Walsh's favor. The sergeant being unable to appear in the arena again a local man arrived to replace him, and he had to have fought for twenty-nine points. Walsh is not injured.

Sunglasses Caught.

EL PASO, Tex., June 13.—The collector of customs for this district has received information of an important capture near Denning, N. M. A band of Mexican smugglers were overhauled and surrounded. They had a dozen pack mules loaded with goods, and were driving sixty-four head of cattle and twenty horses, all of which had been smuggled across by a circuitous route which has been known by Mexicans for many years. Five Mexicans were arrested and lodged in jail. They are under the lead of Capt. Ignacio Ibarra, formerly an army captain.

Testing the Atlantic's Engines.

NEW YORK, June 13.—The engines of the new government cruiser Atlanta were tested yesterday in the dock at the foot of East Ninth street, and the prominent naval contractors and practical engineers in the navy. The turns of the screw to the minute required to pass the dock test is fifty-four. Yesterday the revolutions occurred at the required number, which is remarkable on a first trial. It is expected that the vessel will be ready to be taken to the Brooklyn navy yard on Tuesday, on which day she will start on her trial trip.

Probably Fatal Quarrel.

GRATON, W. Va., June 13.—An affray, the result of which will probably be fatal, to one of the participants, occurred here yesterday. George Gregg and Will Hickett, two boys about eighteen years of age, met at one of the public places, and were engaged in an altercation, during which Hickett struck Gregg with a heavy piece of something, crushing his skull. The fall extent of the injury cannot be determined, but there is little hope that Gregg will live.

HARRISBURG, Pa., June 13.—Governor Pattison has issued a warrant for the execution of Michael J. McLean, alias Mike McLean, alias Mike McLean, on the 12th of August. The doomed man shot Horace Conventual last fall and robbed him of \$150 and other articles.

ARCHITECTS and BUILDERS. Plans and specifications furnished on reasonable terms and all work satisfactorily and promptly done. Office on Third street, between Wall and Sutton.

POINTED PARAGRAPHS.

Temples at the Times given in a Tere and Spicy Manner.

Virden, Ill., was badly damaged by a tornado.

Two lives were lost in a tenement house fire in New York.

The Amalgamated association adjourned at Pittsburgh on Saturday.

John Maguire, a miner, was killed under a fall of coal near Orville, O.

The Ohio state prohibition convention will be held in Canton on July 29-30.

Mr. Beecher preached in Plymouth church for the last time before his trip to Europe.

The Franklin, O., paper company's mill, No. 3, burned Sunday morning; loss \$70,000.

Dr. George Sutton, leading physician of Indiana, died at Aurora, of blood poisoning.

At Terre Haute, Ind., George Bishop shot and killed his wife, who refused to live with him.

Albert Wilfer, dry goods merchant at Lafayette, Ind., has made an assignment. Assets \$50,000; liabilities \$38,000.

Fred Witham, a young son of the manager of the Gallipoli gas works, was drowned in the Ohio river while bathing.

Anthony Braun, a laborer, was killed by a passing omnibus while digging a trench at the corner of Vine and May streets, Cincinnati.

Archibald Forbes, English war correspondent, will soon marry Miss Louise, daughter of Gen. Meigs, of the government engineers, now retired.

The Louisville Opera festival, which closed Saturday night, was a financial as well as a musical success. The receipts for five performances reached \$25,000.

Minnie Probst, seventeen years of age, has applied at Youngstown, O., for a divorce from her husband, aged twenty-one, charging three years of willful desertion.

The presidency of the Cleveland, Columbus, Cincinnati & Indianapolis railway has been declined by T. J. Fetter, the first vice president of the Burlington & Quincy railroad.

James Devine, a workman employed in tearing down the old postoffice, in Cincinnati, O., was seriously hurt by the wall on which he was standing giving away, precipitating him to the floor below.

Dr. J. Houghton, of Knox county, Ind., claims that he was ten months confined in the public insane asylum, at Buffalo, N. Y., and cruelly treated. He was returned to the Indiana hospital as a dangerous man, but since his arrival has shown himself to be not only not dangerous but of sane mind, and has been sent to his home.

The Weather.

WASHINGTON, June 15.—For Ohio: Local rains, followed by fair weather; slightly warmer; variable winds.

For Indiana: Generally fair weather; nearly stationary temperature; southerly winds.

FINANCE AND COMMERCE.

Quotations of the Money, Stock, Produce and Cattle Markets, June 14.

New York—Money 3 per cent. Exchange quiet. Government 101 1/2.

Currency rates, 10 1/2; four coupons, 10 1/2; four and a half, 10 1/2.

The stock market was dull and irregular and somewhat lower, but after the first few dealings a buying of New York Central and Western line strengthened the whole market, and at midday figures were up 1/4 to 1/2 per cent. Since noon the market has been quiet, but the top figures are steadily maintained.

Bull & Quincey 10 1/2; Missouri Pacific, 10 1/2; Canadian Pacific 10 1/2; N. Y. & E. 10 1/2; Canadian Southern 10 1/2; N. Y. Central 10 1/2; Central Pacific 10 1/2; Chicago & Alton 10 1/2; Northern Pacific 10 1/2; C. & N. W. 10 1/2; St. Paul & Northern Pacific 10 1/2; Lake & Hudson 10 1/2; St. Louis & San Francisco 10 1/2; Denver & Rio G. 10 1/2; Ohio Central 10 1/2; Erie 10 1/2; Erie Express 10 1/2; Illinois Central 10 1/2; Jersey Central 10 1/2; Kansas & Texas 10 1/2; Lake Shore 10 1/2; Louisville & Nash 10 1/2; Mich. Central 10 1/2.

Cincinnati.
